Meet the Xerox C310 Color Printer and Xerox C315 Color Multifunction Printer

Is reliability, security and easy connectivity too much to expect from a printer? Not for small and medium-sized businesses and remote employees who need technology that can keep pace without missing a beat. They need hardworking printers that support productivity rather than stand in the way of it.

Meet the Xerox C310 Color Printer and the do-it-all Xerox C315 Color Multifunction Printer. Ready to work hard right out of the box, they have everything small work teams and home offices need to stay nimble — quality, simplicity, dependability and built-in security at just the right price.

SETUP IS A SNAP

The Xerox® Easy Assist app simplifies installation, monitoring and management of your printer or MFP right from your mobile phone. It provides easy access to self-support services and real-time monitoring of printer performance. And, Xerox® Smart Start Software takes the guess work out of setup by automating the installation of the latest software for your printer or MFP on your computer – all without IT support – allowing you to be up and running quickly.

WOW WITH COLOR

Elevate your everyday communications and make prints "pop" with brilliant resolution and vibrant color that commands attention and makes data easier to visualize.

QUIET TO YOUR EARS

Ultra-quiet operation and big performance are packed into a compact frame. Even the MFP is small enough for tight spaces, so you can scan, print, copy and fax* with less noise and fewer interruptions.

THE POWER TO DO MORE

Business basics get a boost with high print speeds and robust reliability made for modern workflows. The C315 Color MFP

takes it even further with fax, fast color and B&W scanning, duplex scanning for more applications and better paper handling, including more trays for higher capacities and usage. And with the ability to print Microsoft Office files directly from a USB drive, the C315 Color MFP makes it even easier to keep work moving.

TRUE MOBILE FLEXIBILITY

Built-in mobile Wi-Fi connectivity, Apple AirPrint, Mopria and Wi-Fi Direct® give you the power to print how you please from all your favorite devices — smartphones, tablets, desktops, laptops or Chromebooks.

ONE-TOUCH CONVENIENCE

Simplicity drives productivity with Xerox® Print Drivers and the Xerox® Print and Scan Experience App. Get more out of every click with quick access to printer presets and print functionality from your laptop or desktop. Auto-straightening, auto-cropping images and receipt scanning features make scanning on the C315 Color MFP a breeze.

COMPREHENSIVE SECURITY

End-to-end security features protect against rising and increasingly sophisticated cyber threats, keeping sensitive data and documents safe.

*Copy, scan and fax capabilities only available on C315 MFP

Make the move to multifunction with the Xerox C315 Color Multifunction Printer.

When you need to digitize documents to share them with colleagues, make copies or send a fax on the fly, the C315 does it all. The all-in-one device delivers functionality beyond print — without the extra expense or desk space of additional devices.

## DO MORE WITH XEROX® WORKFLOW CENTRAL PLATFORM

Small and mighty, there's little the Xerox C315 Color MFP can't do. Print, scan, copy and fax — of course.

But how about being able to:

- Convert your documents into other languages
- Change handwritten notes into shareable, editable documents
- Create audio files of your reports to listen to in the car
- Automatically redact content for confidentiality
- Convert scans into Microsoft Office formats
- Summarize long documents for quicker reading

Plus, access advanced capabilities such as combination workflows and seamless file routing to cloud repositories.
